Message from the PRESIDENT

Fr. Joseph Redican

Dear Students,

Yearbooks are wonderful. They remind us for years to come of many of the moments of our life at St. Mike's.

Many of these moments will be moments of joy, success and pride. Some will be of challenging courses, difficult personalities and even personal sadness or tragedy. Regardless of the nature of the moments we live, God wants us to fully experience all of them and to be grateful for even the most difficult ones.

May this yearbook remind you of God's on-going involvement in the moments of your life and in God's deep abiding love for each of us.

Fr. Joe Redican CSB

St. Michael's Student Government plays an important and proud role in the school's Christian vision of life – a vision of character and direction. Student Government, the elected body of students under the direction of Mr. Walsh, carries the students beyond academic excellence by fostering this vision in the student body through a number of activities. Our Student Government offers all students the opportunity to experience the exhilaration of a compelling school purpose; a shared and unifying cause.

anime club

(L-R) Mrs. Zakowski, Naveen Devasagayam, Michael Mainville, Bo Sung-Han, John Wakefield, Michael Lee, Patrick Pastolero, Laurence Baustista.

Throughout the school year, the Anime Club would meet to enjoy the gift of anime and all that is has to offer: the cheesy theme songs, the humorous dialogues, and the vibrant animations. A great time was had by all.

art club

It's all about doing art without due dates or marks! How great is that! The Art Club was held on Thursdays after school for all students regardless of their grade or their skills in art. Listening to music and doing oil paintings was the menu du jour. Students had the freedom to choose their own subject matter ranging from super heroes to landscapes for their old paintings. Some select students also had the opportunity to work on the drama set designs for the musical Jesus Christ Superstar. Finished art works were showcased at the annual Art Show in May.

(L-R) Mrs. Pignetti, Gregory Fedele, Vittorio Pirone, Daniel Mancuso, Stephen Tam, Vince Rago, Julian Del Medico, Carmelo Ferlisi.

asian association

This year, the Asian Association worked hard to promote Asian culture and cultural awareness. Through celebrating the Lunar New Year and volunteering at the Good Shepherd, the association really has involved itself within the St. Michael's community and the downtown Toronto community in general.

(L-R) Back Row: Michael Lee, Patrick Pastolero, Justin Leung, Lanz Claval, Adrian Wan, Brandon MacKenzie, Unknown, Michael Yu, Lorenzo Escobal, Unknown, Michael Chua, Edmond Lien, Jensen Swampillai, Joey Chow. Middle Row: Bo Sung Han, Ryan Chang, Michael Teng, Sean Sargent, Anthony Ho, Tyler Hayward, Hojun Yoon, Father Murphy, William Wong, Lawrence Bautista, Michael Mainville. Front Row: Lance Ng, Father Chui, Naveen Devasagayam.

athletic association

The Athletic Association put on numerous activites around the school, which included: the Coed Ultimate Frisbee Tournament, Intramural Indoor Soccer, Intramural Badminton, Intramural Football, Intramural Basketball, Intramural Ice Hockey, Table Tennis, and the Weight Room Club.

(L-R) Back Row: Steve Difonso, Patrick sweeny, Thomas Arthur, Conor O'Muiri, Sean Dougan, Justin Leung,Victor Dijulio. Front Row: Jesse Torchetti, Nick Fulford, Anthony Fusco, Michael Kuhlman, Chris Solda, Mr. Fifield, Lance Ng. basilian visitation

(L-R) Back Row: Andrea Villacci, Michael Chua, Eric Buzzin, P McCann, Greg Natale. Front Row: Andres Cordnas, Spencer Horemans, Coner Fitzpatrick, Kyle Pollard-Grant.

During the month of April, a group of SMC students visited the retired Basilians on a weekly basis. Inaugurated by Mr. Fischer, the program is meant to bring the young and old together for mutual enjoyment and socialization. These priests are still wonderful teachers and fine witnesses to the adventure of being Catholic. These are the men who built St.Mike's, and it is gratifying to see how God has blessed them in their retirement years.

bowling

Thanks to the fearless leadership of Ms. Frawley, the SMC Bowling club won gold in the Toronto League Championships. Alessandro Gemmiti placed second in the province, and Mario Di Cosmo was thirty-seventh. Special thanks to Giampiero De Pasquale, who brought snacks to every practice, Roberto Pietrobon who tries the hardest, and to Paolo Pusateri, who always showed up best dressed.

(L-R) Ms. Frawley, Paolo Pusateri, Mario Di Cosmo, Giampiero De Pasquale, Roberto Pietrobon, Alessandro Gemmiti.

briscola

This year the Briscola Tournament was hosted by the Italian Club and moderated by Mr. Di Leo. This tournament demonstrates the strength of the Italian spirit present in the yellow brick walls of St Michael's. The Briscola card game is very intense, requiring a high level of concentration and strategy. Thanks go out to all who participated and also to Matthew Viola and Carmelo Ferisi for organizing the event. Congratulations to this year's winners, Matthew Soscia and Adam Casinelli.

(L-R) Matthew Viola, Stefano Cerone, Mr. Di Leo, Matthew Soscia, Adam Casinelli.

community outreach

(L-R) **Back Row:** Harley Stronach, Daniele De Simone, Jonathan Osinchuk, David Brayley, Patrick McCann, Matthew De Vuono, Sean Dougan. **Front Row:** Mr. Fischer, Eric Battiston, Carlo Villacci, Pedro Pessoa, Jonathan Samson, Mark Cachia, Phillip Bailie.

For the past several years, St. Michael's students have been working in elementary schools located in needy areas of Toronto. This past year, 35 students participated in the Outreach Program at Holy Rosary and St. Alphonsus Elementary Schools where they tutored students in grades 3-7 every Wednesday after school for two hours. Classes focused on literacy skills, reading and writing, mathematics, and homework completion. St. Michael's tutors also used educational games like Pictionary, Scrabble, Chess, and Checkers to help students develop their thinking skills.

debate

(L-R) Mr. Vella, Chris Byers, Ben Emeny, Michael Mainville, Jonathan Samson, Sebastian Simon, Igsung So, Matthew Barozzino, Martin Zhang, Mr. Mancuso.

Summary of the Year:

McGill Tournament - November
Senior debaters travelled to Montreal on Via Rail to debate the resolution: THB that Iran has a right to nuclear arms." The team was accompanied by Mr. Vella and Fr. Redican.

Team A	Sebastian Simon & Darcy Drury
Team B	Jonathan Samson & Michael Mainville
Team C	Aaron Crighton & Matthew Barozzino

OSDU Metro Regional Tournament - February
Richmond Hill HS hosted this qualifying tournament for schools in GTA. Alas, no SMC students qualified to represent Metro West at the OSDU Provincial Championships. The resolution debated: THW implement a tax on all carbon emissions.

Team A	Sebastian Simon & Chris Byers

OSDU Junior Provincial Championships – February
Novice debaters took the TTC to York University to debate the resolution: THB that Canadian citizens should perform one year of mandatory service after high school.

Team A	Michael Yu & John Reiter
Team B	Felix Lee & David Yu

Queens Tournament - February
Senior debaters travelled to Kingston on Via Rail to debate the
resolution: THB the Canadian military should increase its participation
in human rights missions abroad. The team was accompanied by Mr. Vella.

Team A	Sebastian Simon & Chris Byers
Team B	Jonathan Samson & Michael Mainville
Team C	Ig Sung So & Matthew Barozzino

OSDU Provincial Championships - April
SMC hosted the best 32 teams in Ontario as they debated 4 rounds over two days to determine which teams will represent Ontario at the National Championships. This tournament was a learning experience for SMC's junior debaters who acted as time-keepers and speakers.

Crestwood Tournament - May
Novice debaters argued the resolution: THW recognize an independent Kosovo. The team was accompanied by Mr. Mancuso.

Team A	Martin Zhang & Peter Dycolo

Pro-Con League
A pool of senior debaters attended the Brebeuf and Archbishop Romero Tournaments and scored 8 wins and 4 losses.

Front Row: Robinson Reford, Michael Yu, David Howard, Daniel, Daniel Garbicz, Ryan Neeson, Daniel Yimmesghen, Michael Montana.

This year, St. Michael's had three teams compete in the world's largest problem solving competition. Two teams finished first, and second, enabling them to participate and complete on the global stage in Knoxville, Tennessee.

(L-R) Michael Bazzocchi, Gabriel Rivala, Aaron Crighton, Matthew Barazzino, Lakmal Perera, Andrew Walker, Luca Corazza, Mr. F. Bazzocchi.

duke of edinburgh

The Duke of Edinburgh, founded by HRH Prince Phillip, is an international award programme that encourages young people to challenge themselves in the areas of service, skill development, physical fitness and outdoor adventure trips. Each student is aware of the goals to be achieved for the Bronze, Silver and Gold levels and self-motivation is key to their success.

(L-R) Back Row: Ms. Cserer, Chris de Carlo, Michael Nisieweiz, Newton Wong, Steven Monardo, Naveen Devasagayam, Chris Byers, John Alexander Cho, Joseph Marin, Carmelo Ferlisi, Ellery O'Hara. Front Row: Andrew Harvey, Andrew Dawson, Sebastian Simon, Conor Barker, Michael Mastrello, Franscis Ayling, Cristian Valentini, Peter Grbac, James Ahlin.

green council

The Green Council strives to keep the school and city around it an environmentally friendly space. Each year, the students in this group contribute their time to raising awareness about environmental issues in our city and on the world stage.

(L-R) Kevin Carmona-Murphy, John Reiter, Cameron McCracken, Christopher Byers, Michael Harvey, Andrew Ferrazzutti, Mr. Quinn, Nicholas Salvatore, Michael Danese, Nicholas Fulford, Andrew Harvey.

irish club

The Irish Club was founded this year to further awareness of Irish culture among the student body, and to recognize the Irish contribution to St. Mikes. The club met every week to enjoy Irish films, television, music, food and sports. Highlights of the year included the St. Patrick's Day party held just before March break, which saw students, staff and parents stopping by, and the inaugural meeting in October attended by almost 100 students.

(L-R) Back Row: Dr. Doyle, Peter Regan, Blake MacDonald, Ryan Hurley (Secretary), Patrick Sweeney (President), Luke Reda, Gianpiero Di Pasquale, Conor Barker, Daniel Kearney. Front Row: William New, Andrew Tonus, Cameron MacOuat, Ben Clune, Thomas Morris, Matthew Leaper, Brendan Farrell, Jeff Costen. Missing from Photo: David Guglietti (Vice-President).

italian club

The Italian Club is the main promoter of Italian culture in the St. Michael's community. There is a large number of students of Italian origin at St. Mike's, and so the Italian Club is a place of education, fellowship, and some friendly competition for those of Italian background (and also for those who are not). This year, the Italian Club hosted the Briscola Tournament, the Fooseball Tournament, and an Italian-style barbecue.

law society

(L-R) Mr. D. Lee, Carmelo Ferlisi, Joe Frasca, Jonathan Santos, Courtney Howlett-Ben, Juliano Pichini, Patrick McCann, Chris Byers, Steven Lebed.

This year the law society participated in the Ontario Justice Education Network's Charter Challenge. The 2 teams submitted facta for the appellant and respondent based on a case scenario challenging the bigamy laws in the Canadian Criminal Code.

leadership

Leadership continued to deliver over 50 workshops to elementary catholic schools on the topics of bullying, respect, creativity, down syndrome, drug and alcohol awareness, media, and global warming. The students also organized and participated in the 30 Hour Famine. The leadership program continues to develop and grow every year.

(L-R) Back Row: Mr. F. Bazzocchi, Matthew Vetta, Michael Bazzocchi, Aaron Crighton, Gabriel Rivela, Tim Kavanagh, Joseph Marin, Michael Joseph, Ron D'Souzz, James Ahlin, Matt Debouno, Pat Wilson. The club's emphasis this year has been totally devoted to the ever increasing number of sports activities in the school. The latest one is Rugby, and the opening game will be included in the final presentation of all these activities in video form at the annual Athletic Banquet. The members of the club have varying degrees of expertise in not only the actual videotaping, but the processing and editing of the raw footage into a clean, time limited final version on the computer, complete with special effects and music.

prefects

(L-R) Back Row: Darcy Drury, Michael Kuhlman, Anthony Fusco, Joseph Marin, Michael Abate, Jason Yip, Gabriel Gallucci, Adrian Tsang, Alan Bartolome-Brown. Front Row: Patrick Wilson, Jamie Bookman, Carson Hurley, Fr. Patrick Fulton, C.S.B., Matthew Soscia, Stefano Guglietti, Neil Matheison, Tyler Press, Frasier McQuat.

The Prefects perform invaluable services for the St. Michael's College School community through their participation in various activities and functions where the members of the public have occasion to meet the student body such as Open Houses and Orientation. They also work within the school community at whatever tasks need doing.

(L-R) Back Row: Chris Rosetti, John Nugent, Nolan MacMillan, Greg De Santis, Prakash Thambipillai.

robotics

(L-R) Humbert Sin, Michael Yu, Robert Longo, and coach Adrian Bucur.

With over 5 years of experience competing in the LEGO Robotics competition, the 2007-2008 year was yet again exciting, challenging, and a great inspiration for students. The team may be small in stature, but they have big hearts.

social justice

The aim of the Social Justice Club is to help those in need and to educate individuals about poverty and injustice in the world. This year, the Social Justice Club continued to sponsor Henry, a little boy in Uganda. We also attended the National Me to We Conference about the UN Millennium Goals. We organized the 30 Hour Famine and other fundraisers. Several Social Justice Club members also had an opportunity to travel to Ecuador on a service trip through Leaders Today. Next year we hope to continue our work.

(L-R) Back Row: Michael Lee, Stephen DiFonzo, Sean Dougan, Jonathan Samson (President), Michael Mainville Joseph Marin, Naveen Devasagayam, Ms. E. Slowikowski. Front Row: Sebastian Simon, Giampiero De Pasquale James Ahlin, Jesse Clarke, Jackson Puldrugovac.

stock market

The risk takers of the St. Michael's community once again rode the roller coaster of the financial markets in the stock market club. Students had the opportunity to learn about the stock market and engage in simulation trading that involved real stocks from the NYSE and NASDAQ markets. Traders were able to use all the tricks of the business such as short selling, stop orders and limit orders, to try and have the most valuable portfolio by the end of the school year. It was an exiting and educational experience for everyone involved.

This past year, the video announcements were launched as an exciting and radically different form of communication this school has never seen. It has revolutionized the way students and staff notify each other, comment on social issues and support the community. What began as a simple and overlooked operation with two lights, a rear-projection screen and an old computer evolved into a multi-faceted television production, complete with green screen technology, graphic arts, and a weekly editorial show.

athletics

archery

(L-R) Back Row: James Ahlin and John Glynn. Front Row: Steven Monardo, Mackenzie Richardson, Ms. Csenge, Sean Brackenborough.

The team practices almost daily during lunch hours and after school. Moreover, it has arranged for the coaches of the Canadian Olympic Archery Team to conduct an archery workshop in our school gym. The team also host's the Father Mulcahy Memorial Archery Tournament each year to honour the memory of the founder of archery at St. Michael's. This year over 100 students representing 12 secondary schools competed in the tournament.

badminton

The team highlights were seeing Anthony Ho and Ru Teow make OFSAA. Both players competed well, winning three games in total. Other achievements were made as James Skuza and the doubles team of Adrian Tsang and Jensen Swampallai reached the semi finals in CISAA action. The team congratulates and wishes the best for its graduates Rushang Teow, Adrian Tsang, and James Scuza. The team wishes Ru (the senior MVP) continued success with his academics and badminton at Queen's next year!

(L-R) Back Row: Mr. Arseneau, J.P. Weppler, Ru Teow, Drake Kaminski, Ben Ho, Andrew Kim, James Skuza, Mr. Coghlan. Front Row: Adrian Tsang, Andrew Kucey, Jensen Swampillai, Andrew Wilkinson, Anthony Ho, Thomas Osbourne, Brian Tse.

baseball

basketball U-14

The SMC Baby Blue Raiders went 18-7 this year in league and tournament play, finishing as CISAA Finalists for the second year in a row. The year began with the team winning the St. Andrew's Early Bird Invitational Tournament and concluded with a heart-wrenching 6 point loss in the CISAA Championship game. All the boys are to be congratulated for a fine effort.

(L-R) Back Row: Mr. Stokes, Andrew Mullin, Conor Molony, Niall Wronski, Dany Demyanenko, Chris Tuszynski, Eric Welkoff, Sean Ryan, Mr. Giancola. Front Row: Simon Polan-Couillard, Brody Kerrigan, Mitch Petruk, Jim Hessel, Nick Benseler, Graham Chow (C), Daniel DiGiorgio, Matthew McDonald.

basketball JR.

The Junior Blue Raiders had a terrific season posting a 27 and 7 record. They went undefeated in CISAA action capturing the Championship at home with a twenty point victory over Upper Canada College. The team was invited to compete in the Metro Championships; a tournament which includes top teams from the GTA. They showed that they could compete with anyone in the province as they came home with a fourth place finish. The future looks bright as a number of players will be returning next year. This year's MVP: Tyler Pritty.

cross country U-14

The U-14 Cross Country team won every meet they entered. They dominated the top 5 positions in each race, with Philip Messina finishing first in each of these. The team was anchored by a committed group of Grade 8's and a strong group of Grade 7's.

(L-R) Back Row: Brad Burtch-Timmons, Thomas Badali, Carter Nord, Ben Doran, Liam Mather, Vincent Dinunzio, Philip Messina, Liam Higgins, James Fleming. Front Row: Mr. Byrne, Conor Ross, Jonathan Rudyk Colin Murphy, Wyatt Thompson, John Luik, Andrew Kennedy, Cole Bardamill, Ms. Mandic.

football JR.

This season, the Junior Kerry Blues displayed the same high powered offence and tough defence of years past. The team moved through an undefeated exhibition and regular season, the highlight of which was an exiting win over arch rival Nelson. The Kerry Blues were poised to win a 7th consecutive CISAA title and did so with strong victories over Villanova and St. Andrews. The Kerry Blues once again made an appearance in the Ontario Regional Football Championship and after defeating the Georgian Bay champions from Bear Creek, fell to St. Mary's in the Semi-Finals.

football SR.

The 2007 Sr. Kerry Blues became only the second team in 19 years to win back to back Metro Bowl Championships. This victory gave St. Michael's an unprecedented 6th championship since the inaugural Metro Bowl back in 1982. Since the inception of the Metro Bowl format, the Kerry Blues have appeared in the final a total of 8 times. This is an accomplishment that no other team in the Greater Toronto Area can claim. In winning its second straight city championship, the Kerry Blues completed another perfect season accumulating a record of 10 wins and 0 losses.

golf JR.

L-R) Steve Cozza, Giancarlo Baxa, Steven Trotta Julian DeGasperis, David Italiano, Travis McCallum, Jeff Monaco, Mr. Ross, JR Galluzzo.

This year's junior golf team capped of a successful season by capturing the CISAA Championship for the third time in four years.

hockey JR.

This year marked the return of the Junior Double Blues to CISAA hockey. The brand new squad performed well in an early bird tournament and exhibition play. The team finished the regular season with a 6-2-1 record and won their quarter final match before losing in the semi-finals to the eventual champions. The future looks bright for the Junior Double Blues as they continue to rebuild the program in the coming years.

Junior Varsity hockey is made up of grade 9 and 10 students, but played in the very competitive Tier 2 senior division. This team finished in first place and won the CISAA championship. With no less than 6 players drafted into the OHL, this year's junior varsity team will go down as one of the most talented St. Michael's hockey teams in recent history. They won the St. Aloyisius of Gonzaga Bulldog tournament in November, they won the St. Michael's double blue championship in January, and capped off the season with the CISAA championship. MVP: Nathan Chiarlitti.

lacrosse U-14

The team had a perfect regular season record of 4-0 and made it 4 consecutive championships with an 8-2 victory over UCC.. Our team MVP is Ryan Zwolinski. Ryan stepped up to become the anchor of our defence this season, but more importantly, he did whatever was asked of him on and off the field. Ryan is a natural and good natured leader and worked to make all those around him better. He even answered the call to play with our undermanned Senior team in their victory against SAC. Coach Shaughnessy and Father Murphy congratulate Ryan, and thank him for a great season.

2008 was a successful season for the Varsity Blue Gaels. This year represents the first group of graduating players that have played 6 years for the Blue Gaels beginning in grade 7. The camaraderie and teamwork of this group had the Gaels ranked as one of the top teams in the province.

Notable accomplishments are:

A silver medal at the Rick Passfield Memorial tournament in Whitby

Winning the Aurora Junior Invitational tournament

rugby

St. Michael's made history once again in the arena of athletics when the first Rugby Team to grace our fields ever in our 156 years was born in the Spring of 2008. Under the guidance and inspiration of Mr. Francesco Bazzocchi, Mr. Steve Bailey and Fr. John Malo CSB, 30 student-athletes from grades 9-12 took part in this initial program. Student-driven and student led, this group of young rugby players taught each other and quickly learned the fundamentals of this very challenging game which is not for the faint of heart The Blue Shamrocks are now on the radar screen, alive and thriving!

(L-R) Back Row: Mr. Francesco Bazzochi, Fr. The SMCS Junior Azzurri Soccer Team hosted the CISAA Championship with a Championship game verse Crescent School. In that match against their rivals, the Azzurri held strong in a great display of soccer. Midfielders and attackers worked the ball forward magically creating several scoring opportunities as the defensive core protected their goalie, allowing only one goal against. The Azzurri were victorious in the final securing the title with a score 3-1. The coaches would like to thank their players for a strong season as they look forward to 2008. FORZA SMCS AZZURRI!

Front Row: Jonathan Simmons, Nico Daniele, Andrew Valela, Christian Maraldo, Kyle Macauley, Justin Forgione.

This year the senior Azzurri enjoyed their most successful season in team history! During the fall season the team once again reached the CISAA final, but lost to UCC. As a finalist the Azzurri qualified for OFSAA and spent the winter preparing. The team finished the indoor season by winning the 2nd annual SMC tournament. At OFSAA, the Azzurri fought the fatigue of playing six games in three days and won 3-2 in the bronze medal match. Congratulations to the seniors graduating! Having a strong young core returning, the Azzurri hopes to do even better next year.

softball U-14

The team went 6-0 in the regular season and won the CISAA Championship tournament. The Team MVP: Christian Karyanides.

skiing

Believe it or not the season started with very little snow and in spite of the conditions our St. Michael's Ski Team showed skill at all Levels in the strongest league in the province. Our U-14 teams finished well with 2nd place and 4th place finishes. Our Level 1A team finished 2nd place and our Level 1B team brought home 1st place plaque. Our Level 2 teams were also very impressive and our 2B team scored gold for the CISAA league.

The Blue Sharks swam a very new team this year, anchored with a small but stable rank of veterans. The Blue Sharks captured a variety of places at CISAA finals, and Grant Flagler, Michael Rowe, Mario DiCosmo, Patrick Mazurek, George Hurley, Ryan Chang, George Soules, Carson Hurley and Matthew Gott captured OFSAA spots. The 4x100 relay team was lead by Captains Ricky Liorti and Carson Hurley who have been faithful members and team leaders each year they have been at St. Michael's. Mario Di Cosmo: Senior "Most Valuable Swimmer". Patrick Mazurek: junior "Most Valuable Swimmer."

tennis

SMC Tennis had another stellar season this year finishing with a 6-6 record and qualifying for the CISAA Finals with a do-or-die 4-1 team win over Appleby. The team placed 4th overall in CISAA and doubles team FABIANO/DE MEDICIS qualified for OFSAA. Other season highlights included a Consolation Championship win at the U of T Open Doubles Tournament for CIANFARANI & DE SANTIS. Team MVPs: GIANMARCO FABIANO & GREG DE SANTIS.

This year's track & field team had yet another successful season, winning their 5th consecutive CISAA championship. Their league championship was the team's 26th consecutive league championship dating back to the days when St.Mike's still belonged to the TDCAA. The team narrowly missed their 3rd consecutive Metro Championship as they came 12 points shy of the Birchmount Park team. The team showed their depth of athletes from the sprints, jumps and throws to the distance events and hurdles. In total, 22 athletes qualified for the OFSAA provincial championships.

In the Fall of 2007, the Junior Blue Strikers earned a playoff birth with an undefeated season. The Juniors defeated a tenacious squad from Greenwood College to earn their 4th CISAA championship in five years. The Junior Strikers did not lose a single set in league play this season, outscoring opponents in sets 24 to zero. Coaches Fischer and Vitullo wish to congratulate the Strikers on their hard work, integrity, and good sportsmanship.

volleyball SR.

The Strikers started off their season by equaling their highest finish in recent history at the York University Classic. They then went on to play in the school's first ever international volleyball event held in Edmonton Alberta, finished 3rd in one of the most competitive tournaments in the province held at Chatham Kent Secondary, and finished 2nd in the All Ontario Catholic tournament. In CISAA competition, the Strikers would go undefeated for their second year in a row on their way to claiming their 4th CISAA championship in the last 5 years.

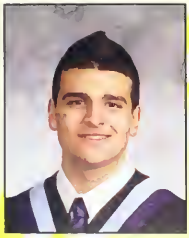
graduation

Michael Abate

Four years ago when I walked into the tradition filled yellow brick halls of St. Mike's, I was a timid fourteen year old boy overwhelmed by the unknown road ahead of me. Over the years, St. Mike's fostered my growth into a man of goodness, discipline, and knowledge. SMC also helped me become a strong individual who no longer fears, but embraces the unknown challenges of life. I want to thank all those who have supported me; the teachers and Basilians, my friends, my family, and God. In the end the most important thing I have learned is that a SMC "education is not the filling of a pail, but the lighting of a fire" (William Butler Yeats). Thanks for the memories and you stay classy St. Mike's.

Phillip Allain



Michael Antolini

First off, I would like to thank my parents for allowing me to attend St. Mike's and for all their support. These 4 years have been the fastest of my life, leaving me so many memories. For that, I have to thank my friends, both the ones from elementary school and the new ones. It has been a great 4 years guys, don't ever change! ---OTNA!!---

Alexander Arthur

This is it, after six years at St. Mike's, I'm finally graduating. St. Mike's has taught many things throughout my time here. The grad cliché, though so true, is that I'll always take with me the goodness, discipline, and knowledge. Great values that will last a lifetime, and help me in all my years to come. I will always remember all of the great friends I've made at St. Mike's over the years, and all the enriching experiences. Whether it was playing soccer, or having heated debates, it was always a great time. I'd like to thank the great staff, always kind and helpful no matter who or where. To the beginning of the rest of our great lives: cheers! Alex out.

James Ahlin

What can you say about six years at St. Mike's in so few words? It seems that the years flew by, years that have brought impo tant lessons in the classroom, and also thos outside the classroom through archery, ski team, and leadership. St. Mike's has helpe me grow as a person and helped to make m well rounded individual. I have to thank, n parents, teachers, friends and coaches. Tha for the experience! Best of luck in future endeavours.

It has been a long six years at St. Mike's. Each year has had a different feel and perspective and it is interesting to look back on each one. I have grown and matured during my stay at St. Mike's, and for that St. Mike's has been a good foundation. I would like to thank my friends for all the good times over the years, and I would like to thank my teachers for their dedication towards education – teaching and extra-curricular activities. Best of luck to all in the years to come.

Luca Babici

Well boys it's been a great four years and they have flown by. Feels like I was just walking through the student entrance as a little niner, but soon I'll be walking though the entrance archway on Bathurst Street as a graduate of St. Mike's. I would like to thank my family for making this possible, I would also like to thank all of my friends, my teachers and everyone that helped me along the way. I wish the graduating class of 2008 all the best in the future. Just remember as Mr. Piero once said, "It's a dog eat dog world, and boys you're wearing milk ne underwear."

Phillip Bailie

As one part of my life comes to an end, another begins just as fast. With that being said I would like to thank all teachers, coaches, priests, faculty members, students, and athletes that in some way influenced and encouraged me to strive to perform to the best of my ability. Most of all however, I would like to thank my friends. Together we survived the horrors of high school and somehow gained an education in doing so. Thanks for the memories SMCS.

ıw that graduation has come, I can only ınk those who have made St. Mike's like ıome to me. I owe much to the Basilian ests. To my teachers, and I would be niss if I did not take this opportunity, to ınk them from the bottom of my heart. That is all I can do though, as I ll never be able to repay them. I love now, and hope I will always love, St. ke's.

Alan Bartolome-Brown

The last 4 years at St. Mike's have flown by. I would like to thank my parents, teachers, and coaches for these years I will cherish forever. From the rink to the field, it has been great fighting beside you boys and I will always be proud of wearing the "M". To my hockey boys, a great run at OFSAA. We will live forever as the underdogs who turned heads and pulled through. While attending St. Mike's I have made life-long friends and lasting memories. Cheers.

It is hard to believe that my time at St. Mike's has come to an end. These past 4 years have, without a doubt, been the best years of my life, and it is hard to leave these yellow brick walls. I would like to thank my parents for giving me the opportunity to attend this great place because without them none of this would've been possible. Thanks also go to my friends who have made my time here an unforgettable one, full of great memories. I am proud to say that I am leaving this school a St. Michael's man, and I am ready for my next journey in life, as this one is ending. Although I am leaving, St. Mike's will always remain a part of my life.

It's difficult to believe that my 6-year tenure at St. Michael's has ended. Thanks to my parents, from the lunches to the words of wisdom; everything they did was equally important. To my brothers, for helping me take my own path at SMC and to my sister, who has provided me with invaluable advice, especially when I needed to be brought back down to earth. I will never forget the Metro Bowls and the blood and sweat that went with them. SMC was a combination of the best friends, the greatest teachers, the most inspiring coaches, and the most amazing group of Basilian Fathers. St. Mike's will now serve as the best memory we will ever have. Thanks for the memories boys. I love you guys.

Mark Borgo

It's hard to sum up six years of your life into 125 words. I mean 125 doesn't even cover the amount of detentions, late slips, and razor blades I received during my stay. Coming to St. Mike's I couldn't wait to leave but now I don't want to go. St. Mike's really has become a second home and it's going to be difficult not walking these halls next year, but I'll never forget the memories and friends this school has brought me. Thanks Mom and Dad for this opportunity, which gave me the chance to be taught by great teachers, both life values and class lessons. "You no want breakfast?"

When I sat down to write this, I didn't want to say what everyone else said. How they walked down these halls, how they made friends, how they will remember the school and how this experience will have changed their life. Sitting here, however, I realize that's exactly what happened. The ride's been great and I will remember this experience for a very long time.

Six years ago I walked in as a boy, and now I leave as a man. It's hard to believe that my time here is up. St. Mike's has given me more than just an education; it has taught me many lessons on life. Most importantly, it has taught me about myself. Thanks to my parents for sending me to this wonderful school. Also, thanks to all of the teachers that I've had over the years. Thanks SMC for the memories. I will forever bleed double blue. Carpe Diem.

Well boys, it's been good! Throughout these last 4 years we have had our ups and downs, some good times and some bad, but we got through it. I want to thank my family and friends (trig trio) for the support they have given me throughout these years in assisting to become the stud that I am. Ever since I first walked through these front doors I couldn't wait to leave. Now that the time has come, it's hard to say goodbye. It has been quite the adventure and I wish you all the best of luck. Thanks for the memories boys.

It's hard to believe that our time at St. Mike's has come to an end. With that said, I'd like to thank all of the guys who made my time here what it was. Here's to all of the classes, games, wheels, ups and downs. I loved every minute of it. To all the younger guys at our school, do me a favor and hold the torch high. Most importantly, here's to St. Mike's, because I owe my identity to you.

Grade seven to twelve: the greatest six years of my life. From walking into these yellow brick halls as a miner to leaving as a St. Michael's man, I'll always remember the experiences and friends that I've had along the way. I'd like to thank my family for without you, I wouldn't even be here. Never forget: You Bleed Double Blue.

I'd also like to thank my guidance counselor, Ms. Cserer for making my last year at St. Mike's exactly what I needed to get into a good university.

Nicholas Ciampa

The long and difficult journey that I have been on the last 6 years has finally come to an end. St. Michael's has giving me the proper foundation in order to succeed in life and for that I will always be thankful. I must thank my family members, teammates, friends, and teachers, for giving me the support needed to succeed. And to all my classmates, I wish you all the best of luck.

These past 4 years at St. Mike's have taught me a great deal about myself and the path I hope to continue on for the rest of my life. I want to thank my parents, who have given me the opportunity to attend such a prestigious school. They have always been there to guide me and provide support in any way possible. Next, I thank the friends that I have made during my time here: Johnny, Dante, Sempy, Pozzi, Moretto, James, and Matty. There have been many great memories, especially those from Da's, which I will remember for the rest of my life. Lastly, I thank Mrs. McDougall, Ms. DiMeglio, Mr. Barry, Fr. Zinger, Mr. Grassi, Ms. Slowikowski, Dr. Doyle, Mr. Ross and Mr. Stokes.

Andrew Coronas

My first thoughts when I arrived at St. Mike's were filled with intimidation and devastation, knowing barely anyone and having almost nothing to look forward to. Over the years, I began to realize the academic and athletic prodigy of the most admired high school in all of Toronto. Although the detentions were temporary, the friendships and memories will last forever. Thanks to all the teachers who made an effort beyond recommended, and to all my buddies who made the last 4 years at St. Mike's worth while. Cheers!

Michael Covello

The past six years at St. Mike's have been life changing. I'll never forget what St. Mike's has offered, amazing experiences, friendships, and many laughs. The education I received is great, but it is the family I developed that is even greater. I want to thank my family for supporting me through the years and my friends for making it an unforgettable experience. I am honoured to represent St. Mike's for the rest of my life.

I would like to thank my supportive family and friends, who have shown to be very caring, my encouraging teachers and faculty, who have shaped me as a St. Michael's Man, and above all my helpful girlfriend Viktoriya, who has aided me in maintaining good habits as a student. As an individual I have attained extraordinary gifts from this outstanding school, including the three most important: Goodness, Discipline, and Knowledge. I hope all of my friends and colleagues enjoy their transition from this school and one day come to be extremely successful people. Lastly, I encourage the teachers to continue providing young men with an exceptional education, because after four years I finally realize the difference it makes.

I am so thankful for having gone to St. Mike's because it taught me invaluable lessons and it opened my eyes to numerous other things that I would not have experienced had I gone to another school. Thanks so much to my family, who convinced me to come in Gr.7, most of my past teachers, and my friends, who made my journey here all that more amazing.

Giampiero De Pasquale

Remember showing up to St. Mike's in grade nine and we were all wearing those blue SMC sweaters and then we went to camp with Alive Outdoors? We had so much school spirit that we actually went to a school dance that year and we had that wicked pep rally too. Remember grade ten and taking advanced Italian even though we couldn't speak a word and sneaking out to Loblaws a year early and joining the band and going to Cleveland even though I couldn't play an instrument? Remember grade eleven when we won the Metrobowl and got kicked out of Loblaws and taking grade eleven design tech and losing the counter sink? Remember grade twelve when we got to wear those cool groovy grad ties and how we had that brutal pep rally that year? We won the Metro Bowl again that year too. Remember taking grade twelve design tech and handing in "the green hand" and having the indoor snowball fight and getting kicked out of Loblaws again and having to work in Fr. Zinger's garden again? And then we graduated... Man, remember all that? Those were good times.

It's sad but true I'll miss the double blue. From spirit rally's to Metro Bowls to OFSAA medalists. The memories that have been created are priceless in my mind. I can only thank my parents, friends, teachers, coaches, and priests. These past six years of my life have been great because of you. I feel privileged to be apart of such a rich tradition and community. And the good times will never be forgotten.

After four years of goodness, discipline, and knowledge, I think I've grown into a true man, ready to adventure in the new world of the future. My days at St. Mike's have been a rewarding experience. Now, it's time for this artist to hang up his smock and embark on the next stage in life. Even though my times at St. Mike's will remain a memory in my cortex, I will always bleed double blue.

Mario Alexander Di Cosmo

Thanks Joe, Luca, Chris, Paolo, Moretti, Serg, Dave and the original crew of Gianmarco and Carmelo. From Mr. De Piero's meatheads and mummalukes, to Fr. Zinger's impeccable choir, I've figured out many things in my time here at St. Mike's. WWJD can be applied to any situation, it's hard to soar like an eagle when I'm surrounded by turkeys, Fr. Fulton is the most fit Basilian I know, Thompson used to work for NASA, Narducci knows every conspiracy, and Fr. Zinger will get a picture of you eventually. Friends are the most valuable thing in the world and after you enter SMC a boy you really do leave these yellow bricks a St. Michael's man. Thanks to my parents and all my teachers and friends.

It has been a long, hard, and very successful journey here at St. Mike's. It seems as only yesterday that I was walking into a roaring jungle to face my greatest fears. Now, I stand before you alive and free ready to tell the world of one of my greatest adventures ever accomplished. I will never forget all the friends that I have made throughout my journey at St. Mike's. All the wonderful memories that everyone has given me, during my four years between these yellow brick walls, will forever be embedded in my memory. All will be missed and I hope everyone a happy, safe, and prosperous future.

Matthew Di Lorenzo

The last six years has been nothing short of amazing! I would like to thank my family, teachers and my friends, especially the THREE AMIGOS. St. Mike's has left an everlasting effect on me that I will carry throughout life. Thanks to those who were there to support me, for it was you who helped my through this. Thanks to those who tried to bring me down for it was you who motivated me. The last four years have truly been an indescribable experience from being at camp in grade 9, learning chants that seemed to be meaningless and pointless, to grade 12 where our veins all bleed double blue and how now we will never hear "when the saints go marching in" the same way because watch out world St. Mike's is marching in! Good luck everyone keep your heads up! Thanks mom and dad for this experience and your continued support.

From football to the musicals, from band to debating, SMC has shaped me from that little boy who walked through that student entrance to the man leaving through the arch. Thank you to my parents for putting up with me, the teachers who never gave up, and the brothers who showed me the way. Cheers to the novelty characters, and four years that will never cease to amaze me. Never stop believing in the impossible and always protect the tradition.

Gianmarco Fabiano

The last six years of my life have been ones that have shaped my life. Coming to St. Mike's as a vulnerable and naive grade 7 student, I did not know where life would take me. I stand here now, completing one stage in my life that at the beginning didn't seem achievable. I wouldn't be the man I am today if it wasn't for the great friends that have helped me through difficult times, teachers that have guided me along the correct paths, and the overwhelming support of my parents. I am fully prepared to start the next stage of my life and ready to encounter new challenges. I'll never forget my boys that made my stay at St. Mike's a memorable one.

These past six years of my life at St. Mike's can best be described as a journey out at sea. Leaving port on a ship six years ago as a young boy in grade 7, I have experienced rough weather, sailed untamed waters, navigated uncharted domains, and met many people along the way. Now, after these long and hardworking years, I have arrived at a new island, along with thousands of others. With the uncertainty that lies ahead, it is my belief that attending St. Mike's, and the goodness, discipline, and knowledge that I have acquired, I am confident and prepared to make the right decision and to head out at sea as an ambassador of St. Mike's, to explore new and untraveled lands.

Christopher Ferrazzutti

Now that I am graduating, there are several thanks that need to be mentioned. Firstly, I have to thank my mom and dad for the opportunity to attend this great school. Next, I want to thank my friends for all the great times; there's nothing I'd rather do than jazz with you guys. I wish us all the best in the future, and hopefully we'll all wind up jamming in NYC (Brooklyn represent). Most importantly, I would like to thank God for blessing me with all the great experiences I've had over the last few years; I can only pray that He continues to bless and guide me through the next part of my life.

Christopher Foran

Joseph Frascà

I can't imagine how my life would have been shaped had I not attended St. Mike's for the last 6 years. Through all my prospers and all the tough times, St. Mike's has been there. I cannot begin to describe how thankful I am to everyone who has been there for me, my parents, my family, and all the teachers. I'll never forget all the friends and memories that St. Mike's has given me. 2008 was a year of highs and lows, and it really showed me how great this community really is. I love you guys. It was great. I'm not worried, time to geeve in university. Remember guys, Joseph Frascà, all day, everyday, still.

Nicholas Fulford

To say that I'm a different person now than when I first walked into St. Michael's doesn't even begin to describe it. For six years, I've worked, played and lived out my life at St. Mike's. I would do nothing differently, I enjoyed ever minute of it, every moment. As I move on to university, all I can say is thanks: thanks to my parents for making one the best decisions of my life for me and thanks to St. Mike's for making me who I am. I didn't go to a high school, I went to St. Mike's and if I remember one thing, it'll be that I walked out with more than an education, and for that I consider myself the luckiest man on the face of the earth.

Walking through the student entrance 5 years ago, I never imagined school could mean so much to me. Thank you to my parents, and teachers for everything they have done. Also, thank you to Fife and Jal for the friendship, and camps which mean so much to me.
To all my brothers, never forget where it all started. Friday nights in the dog pound, the parties, Europe '08, cheers anywhere and everywhere, the memories I bring with me are ones I will cherish forever. Always bleed double blue, and never forget the yellow bricks.

Kevin Gaughan

Thanks for all the great memories, whether it was in the classroom, in the weight room, or in the gym and on the court. It has been a great journey from grade seven until now, and it's sad to leave, but exciting to think of where I'm going. I would like to thank all of the great teachers and coaches, especially the Art department and the volleyball program. St. Mike's has opened many doors for me, and I can't wait to see where they lead.

St. Mike's offers an excellent liberal arts education. But what I received was a lot more valuable: I was given an experience!..locker fights, camping, puma, spirit rally, hockey, eating, beats, liberation day, extreme driving, NYC art trip, football champions.. Thanks to all my family and friends for making my high school experience complete.

Kyle Fuller

Instilled within us all is the foundation for success. We have been prepared by this place to become the best and the brightest and to bleed double blue. Now, as we walk through the doors for the last time, it is with an excited apprehension that we take our next step. But as we leave this Never, Never Land, the place in which we have yet to grow up, we still carry it with us. Its pillars hold us upright; Goodness, Discipline, and Knowledge. As Robert Frost once said, "The best way out is always through", and it is this perseverance that we have also been taught. I have been running forward for 18 years...why look back now?

Most people won't read this but for those who do, my friends, family and classmates thank you. Thank you for making the past six years amazing, whether in school or out, the classes where you kept me entertained when the teachers couldn't and the laughs we shared and the lessons we learned. I will not miss these yellow bricks; I will miss the friends I made in them.

I would like to start off by thanking 6 pound 4 ounce Baby Jesus, or as our brothers to the south call him Jésus. I would also like to thank my parents for the opportunity to attend St. Mike's. It's been a long six years but I don't regret a thing. My experience here is one which will last a lifetime. Next I'd like to thank all the teachers, coaches, staff, and friends for making St. Mike's what it is. From academics to athletics, championships to exams, all that I have learned and participated with here at SMC will stick with me forever. Peace, boys it's been fun.

Peter Grbac

We stand excitedly at the threshold: one foot firmly planted in the tradition of excellence at St. Mike's, while the other rests on a future dream. As we leave separately as we came, we will be united forever by the yellow bricks that have become the cornerstone of our lives and the bleeding blue spirit that courses through our veins. To God, the Basilian Fathers, my parents, family, teachers and friends, a sincere thanks for your constant guidance and support. Remember – we have entered to learn and we must depart to serve.

Michael Greco

Here's to Mom and Dad . Bergs and PB and all the X-C coaches, Doyle and the Irish Club, Weight room in 4A and all my bros. Thanks to everyone for making my experience at St. Mike's something that will make me a better man forever and good luck to all.

Michael Jaglowitz

Sam Johnson

I can't believe that our journey at St. Mike's is coming to an end. Although it has been a short two years, my time within the yellow bricks has been a truly life-changing experience. Before anything, I'm compelled to give shout-outs to my parents- mortgage #2 was well spent! I thank both of them for the tremendous sacrifices they have made in these past two years- the endless driving, the endless moving, and the endless bickering. I couldn't have done it without you. As far as my time here goes, I'll remember all the times in the Shiver-dome, wearing the double blue, the five-hole goals, Chits, the big city life, and all the beauties. Best piece of advice- "Stop the (censored) puck, Johnson!" Thanks boys.

Four years in grade nine seemed to be an eternity, however the last four years could not have been long enough. I have changed since walking into these yellow brick walls in 2004 and leaving the same yellow bricks in 2008. In that time I have become a new person; I have become a St. Mike's Man. The friends I made here are irreplaceable and I know my connection to St. Mike's and the people here will never be severed. In the future, we may not remember everything we learned in Mr. Thompson's Physics class, Mr. Shust's Calculus, Mr. Tessaro's Chemistry and so on, but the good times and values we shared at St. Mike's will always be ingrained in our heads and our hearts. Cheers to the memories.

Yellow bricks and blue blood, two colours which will forever stay in my character. St. Michael's has been the greatest single thing to ever happen in my life and I will never forget the experience and memories. I leave St. Mike's with maturity, moral values, a metal back and lifelong friendships. To each classmate and teacher I came across in the last six years, I say thank you. I give a bigger thank you to my family, especially Mom, Dad, Frank and Val, for making it all possible. Also thank you to my good buddies for making it the best 6 years of my life, I will never forget any of you. Don't be sad it's over, be glad it happened.

Over the past 6 years I have made the transition from a young boy, into a man. I have learned lessons that have made me the person I am today, and these lessons will also make me the man I am to become. Thank you to my family for their constant love and support, thank you to all the teachers that have helped me along this journey, but most of all, thank you to all my friends who made the 6 hour days seem like a breeze. I cannot start listing you off because my words will be used up, but you know who you are. I came as one, now I leave with a hundred brothers. I love you guys.
Cheers, Kimmer

So six years in the largest yellow brick building I have ever been in is over. These six years were the best times of my life, with friends that I hope I will never lose. I feel like the memories are too many to recount. Anything from FOOTBALL to ALIVE OUTDOORS or EURO TRIP 08, the experiences will be with me forever. Thanks to my parents for giving me the opportunity to become a St. Michael's man, my family for all their support, my teachers for always pushing me and my friends for all the crazy memories. Cheers boys and good luck!

Okay, bye guys I guess...

Nicholas Kuzminski

I am proud to be a St. Michael's Man. Thanks to my parents who had the wisdom to see that St. Mike's was the right school for me. Thanks also to all the great teaching staff I've had while at the school. Your teaching was more than just about the subjects. Thanks also to everyone involved in the Leadership Camp program. I got as much as I gave. Thanks to the Tunney's and the arena staff for all the 'butter' times at the snack bar. Last but not least, thanks to all my friends that I have made while at St. Mike's. These past four years at St. Mike's have been among the greatest I have had. I want to thank all my friends, family, and teachers for making this experience as enjoyable and enriching as it has been.

A great high school senior once said, "Life moves pretty fast If you don't stop to take a look around once in a while, you could miss it..." I've learnt so many valuable lessons in and out of the classroom here at St. Mike's that have made me both a better student and a better man. I'd just quickly like to thank mom and pops for giving me this amazing opportunity to come here and all the great teachers and coaches that I have been truly privileged to have. To the boys: thanks for the all the memories, you guys made high school interesting to say the least. Cheers boys and God Bless!

Martin Lidums

Four years have blown by. Wow! Firstly, thank you to my parents who forcefully pushed me into these yellow bricks 4 years ago. As with most grads, I feel like I'm leaving too soon, but the times I've had are unforgettable. To all my teachers both in and out of the classroom, many thanks for keeping me on track. To the boys who I've sweated with and the coaches I've sweated for, to the times in the shiverdome and the dogpound, Metro Bowls and OFSAA silver, over my past four years boys, I've gained a whole grade full of brothers. To quote the very wise Oscar Wilde, "Life is too important to be taken seriously". Cheers to the good times boys.

Jeffrey Lindsay

It's hard to believe how quickly my 6 years within these yellow brick walls have passed, but they will surely never be forgotten. I would like to thank my parents for their endless support and the opportunity to attend St. Mike's as well as my friends for making it the unforgettable experience that it was. It was a fun ride boys and we're all better men for it! "What lies behind us and what lies before us are tiny matters compared to what lies within us." - Ralph Waldo Emerson

I can't believe that 6 years went by this fast. My time in the yellow bricks has been a memorable one. From Pasquale's dusters to junior puck to Cuba '08, there's no way to sum up all the good times I've had here. First off I'd like to thank my parents for all their support and I'd like to thank my teachers for putting up with me after all these years. I just hope that I have as many good times in Uni as I did at SMC. Good luck boys and keep your head up.

Blake MacDonald

Its been an amazing run. Six years done just like that. Thanks to my parents for making this possible. Thanks also to the teachers and coaches who supported me along the way, especially Mr. Pagano and Mr. Fresucra. Six years playing for the Blue Gaels, it was unreal. Dr. Doyle and the Bear hands down best classes. To all the boys, we made it. Cheers to all the weekends, Metro Bowls, SMC weight room workouts, and double lunch spare. Best memories within these yellow bricks.

First off, I would like to thank my parents for giving me the opportunity to come here and my brother for making a path for me in this school. This is for all the friends you'll never forget and the nights you'll never remember. For all the phantoms, gr 9 & 12 Metro Bowls, getting deezed in the weight room, gr 8 French, going no jers, intramural soccer, gr 10 CISAA swimming champs, football parties, greasy wheels and double lunch...This is what it's all about.

Most Flow, Least Jers. Peace Out.

"Luck is what happens when preparation meets opportunity."- Seneca

I consider myself very lucky to have been able to come to St. Mike's for it has provided me both the preparation and the opportunity to succeed. To my family, thanks for making this happen, I wouldn't be where I am today if it wasn't for you. Through perfect seasons, knowing what matters, Sunday morning breakfasts, packing the dog pound, and late night anything I wouldn't have wanted to share this four years with anyone else. I am sad to see my time here end but can move on knowing this was a four years well spent. Keep it going boys, remember where you came from and don't forget where you're going.

Marco Magnifico

Michael Mainville

It's hard to sum up everything that has happened in these last six years, so I'll quote some people who know what they are talking about, try not to become a man of success but a man of value (Einstein), the only way of finding the limits of the possible is by going beyond them into the impossible (Clarke), the direction in which education starts a man will determine his future (Plato) but it is well to remember from time to time that nothing worth knowing can be taught (Wilde). I can't leave without at least one original thought so I just want to say that these six years have been six too many. Nah, it's been great.

David Makar

My time at St. Mike's has flown by far too fast I remember walking through those doors for the first time in grade seven, thinking that it would be forever until my graduation. These yellow walls hold some of the best memories I have to date. My time spent here has been an unbelievable growing experience. I just want to say thanks to my parents for giving me the opportunity to be here, and to my teachers for all their help and support. To all the guys (you know who you are), it's been a great ride, and I couldn't have asked for better friends. Thanks for th memories boys.

Brotherhood. That is the one word that sums up my experiences at St. Mike's, although it's difficult to put four years into one word. There were many great times with a lot of great people. My time within this historic school has been quite memorable. It has felt like my home for the past four years, and I know that in the future I will miss walking through the yellow-bricked halls of SMCS. All the best to everyone in the coming years.

Michael Marin

First off, I would like to thank Nick and Rose for footing the bills that have made my time at St. Mike's possible. Over the past four years, St. Mike's has been not just a school, but a home to me. All those hours on the practice field, the back-to-back Metro Bowl championships and have made these the best four years of my life. One final thanks to the Basilian Fathers, my teachers and coaches for strengthening my Catholic faith and developing me into a St. Michael's man. I will always bleed double blue, and I hope this place never changes.

Dante Martella

It's hard to believe that I've walked these yellow-bricked halls for the past 6 years. I came as a nervous and timid boy, and I leave a confident well-rounded young man ready for what lies ahead. I offer my parents a deep gratitude for the blessing in giving me the opportunity to attend this school. Thanks to all the teachers over the years that have guided me and taught me. Thanks to P.K, Fr. Zinger, Mr. Grassi, Mr. Ross, Mrs. McDougall and Fr. Fulton. Thanks to all the boys for the memories, especially at Da's, and to those who made these years the best of my life: Nick, Johnny, Paul 'Corky' Cornay, Skuza, Sempi, Moretto, Matt and Pozzi! Congrats to all the grads! Cheers Boys!

Jonathan Mason

My father always says that "after one time is another", however I find it difficult to comprehend there being a better time than this. During my four years here, I have been guided on a path that will forever have a positive impact on me regardless of where my life may take me; and for that I thank St. Mike's. I have had the most amazing times, fostered the most amazing memories, and had the most fun I likely will ever have. I'll never forget my school, my friends or my village. There were many sacrifices made in order for me to be able to have this opportunity to attend St. Mike's. Thank you Mom and Dad. I promise I'll make you proud. I'll forever love this special place. After one time may very well be another, but my years at St.Mike's transcend time; they are forever.

Four have years gone by at St. Clair and Bathurst and it's now time to reflect. First off, I would like to thank my parents for investing 50 grand of their hard earned time and money into my education. It's been well worth it.
Thanks to all the boys who have made the experience as memorable as it has been. GO Train rides in grades 9 and 10, what an experience. Thank you SMC weight room for making me deezed. Sort of. Thank you grade 12 for pressuring me into getting my act together and getting into university. I would also like to thank myself for having unarguably the best flow in the school. Lastly, I would like to thank St. Mike's for advancing me along the path to that six-figure salary.

Well boys, after four long years of battling our contracts have finally expired. It has been a memorable ride that I will never forget. We now hang up our skates as seasoned vets ready to take on anything. As I walked into St. Mike's and searched for my locker I found myself positioned right beside an older student in grade 12. As I stood there in fear he said to me, "hey buddy what grade are you in?" After answering simply, "seven" he said to me, "Lucky you, you still got six more years at St. Mike's!" Now that it has all come to an end, he was right! Coming to St. Mike's was a great experience where many lessons were learned and many friends were made. I'd like to thank my parents for giving me the opportunity of coming here, my friends for being the great ones they were, and special thanks to the TRIG TRIO, my best friend/ brothers who I was always with and they were always by my side :) Love u guys.

My 6 years at St. Mike's has flown by. It seems like yesterday I walked the halls in grade 7 and now its all over. My time here was amazing, I can't forget the teachers and my parents for their love and support. I'll never forget the dirties and especially the boys (you know who you are). My time at St. Mike's will never be forgotten. Next year is another big step and well do it up hard again... brooooo

It's been a long time since I rock and rolled,
It's been a long time since I did the stroll.
Ooh, let me get it back, let me get it back,

Life may burden us with wicked detours
Our dreams may never be fulfilled, and
We may fall victims to life's calamities.
Life may uplift us with smooth sailings
Our dreams may come to existence, and
We may come to love life's beauties.
What differs between all people is how we cope and react to the existence of these paradoxes that formulate "life." John Sherman notes, "The best prophet of the future is the past" for it is from the past that we forge valuable lessons. The St. Michael's community, both staff and students, over the last 4 years, has fulfilled such a function. I am now ready to march off into the future, not too confident nor too pessimistic, not only as a fully prepared scholar, but also as a human being ready to catch whatever the pitcher throws.

First off, I'd like to thank my parents for all the support, rides, cash, and advice. I couldn't have got through these 6 years without you guys. Mase and Torchetti, you helped the academic demand at this school seem a lot more reasonable. Thanks also to the Ontario Blue Jays, Bleiwas, Freeky T, Squatch, Knizz and Gyro. Fall trip of '07 was unbelievable. This ride has been unreal guys, and I wouldn't trade it for a thing. Grade 8 French, the finch east village, domer '06, dream team football, the buzz show, weight room sessions, Montreal '08, Metro Bowl tillys, jerseys optional, and beauty pre games, it's all been great. To the boys, it's been real.

Four short years and the yellow brick road has come to an end. Emerald city awaits (and perhaps even Mr. Oatt in a wizard outfit?) Remember: they can't force you to do up your top button if you don't have one, to get someone to do whatever you want all you need say is "he won't do it," if you've got something important to say it on the library computer desktops. Many thanks to my parents for their ceaseless love and support, and to all staff who made my education, a life-defining experience, instilling in me the ideals of truth, discipline and knowledge. Grads and teachers: God bless & may you all "live long and prosper."

It feels like yesterday walking into high school at St. Mike's; I walked in a boy and out a man. The memories here will never be forgotten, from winning Metro Bowls, to studying for Mr. Ross's test and breaking the band saw in Design Tech. I'd like to thank my teachers for helping me be the student I am, my coaches for helping me become the athlete I am, but I would especially like to thank my parents for giving me this opportunity to go to St. Mike's. Shout outs to: JF, V, Biceps, Flexor, Mongoose, Midget, Square and everyone else. Thanks everyone.

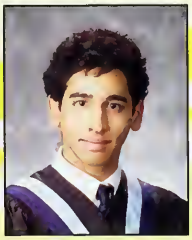
First, I'd like to thank my parents, who have always supported and provided me with the opportunity to attend St. Michael's. My teachers and coaches have pushed me that extra mile to always achieve more. Here's to the cross country skinnies, hockey beauties, and baseball jags. Having the chance to play at the OFSAA level and win 3 silver medals in grade 9 XC, grade 10 Prentice Cup at Skydome, and finally with the underestimated senior hockey team in grade 12. I entered the yellow bricks as a boy, I emerge four years later as an accomplished young man. I leave some of the best memories behind me with buddies I won't forget. This experience will last a lifetime.

Francesco Pozzi

Matthew Punzo

I don't think it is possible for me to sit here and express the impact the last 4 years of my life at St. Mike's has had on me. What I can do is say that these 4 years will always be remembered. Whether it be the friends who made the best 4 years of my life, the teachers that taught me or the number of times I was punished for my misbehavior, I can look back on it all now and realize it has all come to an end. However, "Every end is a new beginning," so there is no reason to grieve over this ending, because it is only the start of something new. All I can do and hope for is that the friends and memories that I have made will last forever. Thanks too everyone who helped make my high school experience a wonderful one, and I wish everyone all the best with their future. You stay classy St. Mike's.

Salah Rawdat



Honestly though ask me if I'm worried at all about leaving... I'm not. My time here has been amazing and shaped me into an individual that is ready for the future while not forgetting the past. I'll never forget all the experiences I had within these walls. I want to thank all my teachers for making my time here educational. I want to thank my parents for making the decision of sending me here. Most of all I want to thank all my friends, especially 06, the Cuba crew, and the Armenian prince Raffi, for making my four years more than a final mark on my transcript.

Christian Poole

Someone once told me "with great power comes great responsibility", or maybe it was a movie. Spiderman.... Ohh yeahh... either way I'm getting sidetracked and that quote is erroneous on both counts. My 4 years here were probably the most fun I've had in my life. From the homeroom of McDermott to the calculus class of Mr. Vella, lunches where I couldn't take a drink, and as well ping pong games where I felt like the incredible hulk. Time spent not in the weight room was put to good use making arts and crafts and taking long strolls on the beach :l. And in closing I would like to say thank you to every staff member, classmate and priest.

Tyler Press

I would like to thank my teachers, coaches, and parents for making my four years at St. Mike's the experience that it was. I'm proud to have been a member of the greatest brotherhood in Toronto. The Goodness, Discipline, and Knowledge that has been instilled in me within these yellow bricks will remain with me for the rest of my life. Last but not least, I'd like to thank all my friends for making the weekdays memorable and the weekends unforgettable. Stay true and stay Double Blue.

Paolo Pusateri

I'd have to agree with all the people that say high school was the best years of their lives. To my friends, this is my tribute to you. Thanks for all the memories; not once has a day gone by without laughter. Just thinking back on 4 years worth of inside jokes makes my head hurt. St. Mike's has been simply an amazing experience; friends, teachers, everything! Some notable shout outs: to DJ Chris T and March Break '08, my musically inclined buddy Joe, and my overly modest friend Greg. And of course to all my bros of The Bridge (and to my normal friends of Toronto), the infamous Mr. Grassi, and last but not least, my long time friend, David.

Luke Reda

After four years, 47 exams, and three different sports, its finally time to move on. Thanks to all of my teachers friends and family for your care and support. Above all I would like to thank God for giving me every opportunity to excel in life. "Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning." - Sir Winston Churchill

Patrick Regan

Well boys it's finally done..after a long 6 years and many late nights it's finally done. When I first came here, I was skeptical whether I'd like it here, but now I know I made the right decision. Who could forget all the buzzers games, Metro Bowls, OFSAA baseball games, and Homecomings? Those are the kind of things you always remember. Thanks to all my teachers, coaches, friends, family for making this the best time of my life. But now its time to move on from these yellow-bricked walls and start something new. Although we move on we should never forget where we came from for it leads us to where we're going. "I intend to live forever – so far, so good." - Steven Wright

I would just like to thank all the people have been a part of my life during these years in high school. I'm never going to forget the friends that I've made and the experiences I have encountered at St. Mike's. This school has prepared me for my next step in life and I have never regretted one moment at this place. And for the rest of life, I think I'm just going to scunitz it.

I can't believe my time at St. Mike's has come to an end. These past four years have been unforgettable. I would like to thank my parents for their unending support and sacrifice, my teachers for their direction and encouragement, and my coaches for their dedication and unforgettable memories these past four years. To the guys: thank you for all the memories, they are truly amazing. To the Kerry Blues, after 3 Metro Bowls and countless CISAA championships, it safe to say we left our mark.

My four years at St. Mike's have felt much shorter than I first thought they would. In grade nine, time seemed to drag on and I couldn't wait to get back home, but now I can't wait to go to school in the mornings, and I have trouble leaving. This school has become a home away from home for me and I'd like to thank all my friends and teachers for making St. Mike's such an amazing place. I will always cherish the time I spent here, and the lessons I learned.

Jonathan Santos

WOW, it feels as if it were just yesterday that I was sitting in Mr. Lumsden's grade 9 Math class, and yet it was four years ago. It has been tough but thank the LORD I made it. I wouldn't have made it without the support of my great friends, teachers, and parents. Special thanks to, PK, Mr. Sheridan, Mr. Fifield, Mr.Grassi, Mr. Lee and PADRES Redican and Malo. BOYS, BOYS, BOYS what would I have done without you? Obrigado Paully, Dante, GLENN, Skuza, Matty, Pozzi and SEMPLICIO. Love and thanks to my parents for always supporting and encouraging me to do my best. Thanks St. Mike's for the wonderful memories and great learning experiences.

Nothing is sweeter than an amazing experience, but after six years I've experienced a lifetime of memories. I did it. !!?!?MUURRRR. I'll always remember Singing O' Canada in 91, Monday and Thursday "celebrations" with the boys, the good old days in Mr. Callaghan's class, and the guys: Roach, Stacey, Aboud, Fusco, and C Poole. Lawn chairs and country music were very necessary. Now that I bleed blue I'm going to take everything I've learned, and say goodbye to these yellow brick walls. Wealth is of the heart and mind, not of the pocket...thanks for making me rich boys.

St. Mike's has given us all a great education but remember "Tamdiu discendum est, quamdiu vivas (We should learn as long as we may live)... It's been a pleasure boys! It's been a great 4 years, now it's time to move on, to bigger, better things...and sadly we have to leave behind the yellow bricks of SMC. The times and experiences here I will keep with me my whole life. I'd like to thank my friends, family, and teachers for making this experience possible and enjoyable.

I have to thank my Mother for sending me to St. Mike's; it is by far the greatest thing to ever happen to me. I'd also thank my Dad for all his support. I'd also have to thank my cousin for introducing me to the dream, and my friends for living it with me. I love you boys. I also appreciate all the work all my teachers and coaches put in for me. St. Mike's has given me the greatest 6 years anyone can ever wish for. I will always remember back-to-back Metro Bowls, Friday Night Buzzer games, hours of practice, and what it meant to be a St. Michael's man.

Loosening my tie at the end of the day, feeling the scruff on my face determining tomorrow morning's shave, and looking down at my blazer, I realize that I'll always feel this crest on my chest, and that I'll never forget the uniform that survived my four year stay. I've walked these yellow brick hallways for the past four years each time wanting this day to come, and now that it's here, I find myself reluctant to leave. As I walk through the arch, I start a new chapter in my life, one that owes itself to these past four years of St. Mike's; one that owes itself to my parents, family, friends, and the staff at this school - thanks for making tomorrow possible.

James Skuza

It seems like just yesterday I showed up in grade 9, nice black shoes, proper fitting pants, stainless blue blazer, and with not a friend by my side. As I write this quote today, I am proud to say my pants no longer fit, my blazer has pizza sauce from Da's on it, and my shoes are in need of a serious shoe shine. But the most important thing is that I came to Mike's knowing barely anyone, and I leave with some of the best friends of my life. And it's time to do it all over again at university ... have fun boys.

Christopher Solda

I'm dreading the day when I walk into a school where the bricks aren't yellow, and the colours aren't double blue. There's something inspiring about this place, perhaps it's the fact that I realize now a school course is only as good as it's great teacher, and St. Mike's has an abundance of them. Perhaps it is the endless good times with the boys on spares, Italy/Ireland and those weekend adventures at the only place that matters. Thanks to my parents for their endless support and love, and thanks to thank my brothers who have paved the way for me: Andrew, Nick and Mike, it was an honour to carry on the tradition guys. Even when we have gone boys, remember, "Legatum Durat", "The Legacy Continues"...

It's been a long six years. There were times where I didn't think I'd make it to the end, but I'm glad I did. First and foremost, I would like to thank Fr. Redican for keeping me on track and out of trouble, inside and out of school. Special thanks also goes out to Ms. McDougall, Mr. Beauclerc, Mr.Vella, Mr. DePiero, and Mr. John for inspiring me to be the best that I could be. I'd also like to thank my boys Chris, Alessandro, Raf, and Santos who helped me get to where I am today. I couldn't have done it without you. I've learned a lot at 1515 Bathurst and I'll take it with me wherever the future takes me. Like I said, "It's been a long six years!" Peace.

These four years have passed very quickly, and I just wanted to use this blurb to thank those individuals who have made them such a profound experience. Thanks to my parents and my family who have always been there for me, and have never failed to show their support. I also want to thank the administration for all of the work they do to enrich the St. Michael's experience. It might be cliché, but these high school years have in fact been the best of my life. St. Michael's has provided me not only with an academic education, but with a spiritual one as well. Although it will be sad to leave, I will never forget St. Mike's and what it has done for me.

Shannon Speer

These six years came and went before any of us could notice. Last I remember, I was in seventh grade coming into this school feeling scared and alone. Six years later, I feel confident with what I have learned and have friendships that will last me a lifetime. I would like to thank the staff here at St. Mike's along with my family for supporting me and giving me the opportunity to become a St. Michael's man. It was a great experience here and I will never forget the times playing for the Kerry Blues. Thanks for the memories boys!

My greatest thanks go towards my parents and brothers who have always supported me. I also thank the boys for all the great times and memories. Thanks to St. Mike's as I now have 2 homes. Shout out to Dr. Doyle and Classic Civ. Homeroom, and period 3 Memorareees with Fr. Zinger. I'll never forget the chants, the beauties, the dirties, Irish Club, weekends, and the chirps. Later Boys! Don't ever forget...We run the show!

It has been a pleasure to be part of the St. Mike's community the past six years, and I am honoured to contribute to this great tradition. Thank you family, friends, teachers, and coaches for helping me become a St. Michael's man. It is not the will to win, but the will to prepare to win that makes the difference. Thank you.

"These past four years at St. Mike's have truly been a memorable experience. The atmosphere at school is one that is replaceable by none. I'd like to thank all my friends, my sister and my girlfriend for helping me get through these four years and supporting me. But mostly, I'd like to thank my parents and teachers for pushing me to work harder and prepare me for the real world. The many times shared with my fellow classmates and friends will be truly missed as I walk through the yellow bricked halls for the last time."

Prakash Thambipillai

Six years ago I first walked among these yellow bricks and since then so many great memories have been made within these legendary walls. I'd like to particularly thank my dad for being my mentor and inspiration throughout his life as I finally graduate and become a St. Michael's Man, a dream we both shared for 6 years. I will be ever thankful for how supportive the school community was after he passed away last year. I would also like to extend my ever grateful thanks to my teachers, mentors, the Basilian fathers, my friends, my family, and the couches in guidance to which I owe hours of sleep and amazingly well wasted time. I'm going to miss this place. Later guys...Good- Luck.

Jesse Torchetti

First off, I need to thank Nick and Jo for footing the bill and forcing me to go to SMC. I never wanted to come here, and I never really want to leave. I also have to thank all the great teachers that I've had along the way, and of course the administration. Too many friends and great times over the 6 years to list here.. (sweet bro's and dudes). Hawaiin Shirt Day, Montreal '08. SMC taught me more than just goodness, discipline, and knowledge and I won't forget it.

Adrian Tsang

St. Mike's is not just an institution it is a culture. At first glance it seemed like a regular school, but over the past 4 magnificent years; it has become engraved in my soul. I now have the honor of calling myself a St. Michael's Man. It means... that I have once classified my teachers as legends or jokes... lived by the phrase run show...and in spite of all circumstances, got it done. Some may call us boastful, and maybe we are; but beyond our one line phrases, deep down, we are gentlemen. Gentlemen, who will always bleed double blue, remember the yellow bricks but, most importantly live with goodness discipline and knowledge. Overall, the experience has been none short of inexplicable and for that I would like to thank my parents, my teachers and of course my St. Michael's brethren.

Christopher Tersigni

Wow! I had no idea what I was in for when I decided to attend this school. Extended holidays, and one of a kind school spirit, it was real rough going here. The past 4 years spent at St. Mike's have flown by, however the lessons learned will remain crucial for many years to come. I want to send a shout out to the boys...Joe, Fabs, Sergio, Pooge, Carmelo, Covello, D-Mack, Mario, Luca Babz, and the Etob Boys (too many to name) and any forgotten ones. Times spent with these guys (Centro 06', March Break 08') will always be remembered and the friendships gained will never be broken. I want to thank all my teachers (Grassi<3) as well as my parents for giving me the opportunity to come here. St. Mike's is a way of life, and it will truly be missed!

Christopher Tigas

To all the faculty and staff that have put their time and efforts towards my benefit, I would like to say thank you. To my fellow students, I would like to wish them the best of luck in their endeavors beyond St. Michael's. To my buddies, and you know who you are, thanks for making the best of my time at this school. As much as it was a struggle, we had some good times. I'm walking out these doors with a lot more knowledge than when I walked in, and a completely different perspective on life. St. Mike's has definitely changed me, and I guess it's just a matter of time until I see exactly how so.

With the blink of an eye it is done. Six years have passed and the future lies ahead. I realize now that St. Michael's is not simply an academic experience, but a spiritual and collective journey through which relationships are fostered and wisdom is attained. The countless lessons that I have learned, both inside and outside of the classroom, are indescribable. I would like to graciously thank my family for their constant love and support every step of the way, and my friends for being a part of memories that will surely last a lifetime. "Carpe Diem."

As our time at St. Mike's comes to a close we reflect on the past and all the great memories that we have shared from this school. St. Mike's has made the past four years an experience that I will remember for the rest of my life. I would like to thank my family for their support throughout the years, and to my teachers for challenging me and preparing me for the world ahead. I would also like to thank my friends for all the good times and great memories. Although my four years are over, St. Mike's will always be a part of my life.

Its been an amazing six years, no doubt about that. My first day at St. Mike's feels like it was just the other day. I owe very much to my friends and family for supporting me through the tough times and making the good times that much better. I have to give special thanks to my parents for giving me a lunch everyday, driving me to school, footing the bill, and everything else that parents do for their kids. I also have to thank St. Mike's for shaping me into the young man I have become. Every decision that you make affects you later in life. Six years ago I decided to attend St. Mike's, I am glad to say it was the right decision.

What St. Michael's has done for me goes beyond the normal high school. The change that I have seen in myself over the past four years has been so significant. St. Michael's has instilled in me a confidence in myself that up until I arrived here, I never possessed. Its teachers have had a great impact on me as well, for I would not be truly ready and conditioned for university were it not for them. Thank you to every teacher I have had or met over the past four years, and to my family who supported me the whole time I was here. Good luck to everyone next year!!

It is hard to believe, but the time has come to leave the yellow bricks of St. Michael's. My short time here is over, but the memories and impression the school and its community has had upon me will remain for my entire life. I am proud to graduate as a St. Michael's Man, and I feel privileged to be a part of the legendary history of this school. I would like to thank all the family, friends, and teachers who have made this amazing experience possible for me. Thanks for the memories St. Mike's.

Valedictorian Address

By Jonathan Mason

I have been entrusted to speak on the behalf of each one of my classmates, and in preparation for this moment I've learned a great lesson. Our class is incredible. There are so many of us, and each one is so unique and so distinct that its amazing that God hadn't run out of ways to mold and shape boys, while still honoring the characteristics of a St. Michael's man. I do believe, however, that he may have experienced one slight hiccup in the form of Alex and Thomas Arthur, they are identical twins, but nevertheless they are two very different people. We are all so unique. We are athletes and musicians, artists and philosophers, historians, and by now honorary Italians as well. We are men of adventure, men f discipline, and men of faith. We are all so many different things that, together, the sum of what we are, is larger than the sum of what we are not. We eally are quite extraordinary and no one can ever take that away from us.

We are wound together so tightly that it makes us an indivisible unit. First, we all know what it feels like to triumph. We have all in some way een successful. The feeling of success has become an acquired taste to each of us; St. Michael's men have a large appetite for greatness, so always we push urselves to be the best that we can be so that we may satisfy our craving. Second, we are loyal to one another. We have come to realize through our experinces here at St. Michael's, that life is a structure that is built upon relationships. We know we cannot go it alone, and the importance of being a part of a trong community, made evident to all of us, has helped us develop into loving and caring men, who see just as much significance in the world without as ve do in the world within. We have also learned some other lessons, which only we may find useful, but are invaluable nonetheless. For example those of us rom the "416" will forever have the ability to forecast the slightest trace of snow based on if the Woodbridge bus is running. You'll always be able to tell a usiness owned by one of our classmates, it will never open if it snows. Others of us have realized that trying to do any sort of writing with two metro bowl ings on your writing hand is not at all practical, but who cares, it looks good. Others yet understand that if you have written a test in the morning that it s your sworn responsibility to make the questions known to all of those writing it after you. Morning writers are martyrs. And as a whole, we all agree that acation given is seldom sufficient and that we should always try to claim the Friday before as well, don't we Fr. Malo. Its all of these things, large and small hat made us have such great years, we've had a great run and a great deal of fun.

On a more emotional note, I don't know about anyone else, but graduations have always made me sad. I've finally discovered the true meaning of a term that previously, we as students, have used without fully realizing the scope of its sting. Today, friends, can be truly classified as bittersweet. It is this dd assortment of emotions that mix when all in one moment you accomplish one of the most important things possible in your young life; a graduation, a sense of achievement, a rite of passage, and not be able to simply revel in the joy that this brings. Rather, instead of unbridled jubilee you feel as though a pillar upon which your entire life has been built has been chiseled all away in an instant; for all of us this graduation also means, leaving behind a place we love, people we have come to love, and a time of our lives that we will always love, we're stepping out of St. Mike's for the last time as students. In just a few minutes we are real men, there are responsibilities waiting to be heaped upon our shoulders just through the arch, and it was for each one of us to have gained enough strength within this building, over the last four to six years, to be able to carry that weight for the rest of our lives. I think though that before we go out to face the world we need to take this final moment to thank all of those who have helped us get to where we are today.

Class of 2008, we all owe a great deal of thanks to our school. All members of this great faculty have in some way touched the lives of each of us. Staff, the things we have learned from you, in your classrooms, offices, practices, and meetings will remain with us, no matter where we go for the rest of our lives. You have given unselfishly of your time, effort, and most often your patience as you have helped young and immature boys, transform into men who are now ready and go out into the world and prosper. Because of what you have done for us we are ready to field the questions of life,

contained in books, relationships, and situations that we in no way may avoid. You have prepared us thoroughly, and thank God you have because there are no bell-curves, undone top buttons, or make-up tests in the real world. So thank you for teaching us the Beatitudes and Shakespeare. Thank you for teaching us about confederation and the ancient Greeks. Thanks for the quadratic formula and the value of pi. We may not recognize the value of these things, countless times we've said, "Sir", "Ms" (I mean come on) when will I ever use this in real life? But looking back, it's not all about the facts and figure but about the discipline gained in their pursuit. We have been well armed, and we owe that exclusively to you. Out of gratitude, I'd like to leave you with a gift, it's not really from me, it's actually from Albert Einstein, . But it displays what it is you have done so well and by my suggestion should never cease to do. It goes: *"One should guard against preaching to young people success, in the customary form, as the main aim in life. The most important motive fo work in school and in life, is pleasure in work, pleasure in its result, and the knowledge of the value of the result to the community."* Thank you all so mu for what you have done for us, we are all forever indebted to your diligence and care.

Every one of us in this class owes a great deal to our families. Parents, we'd like very much to thank you sufficiently for what you have done for us. But the full extent of the sacrifices that you have all made for your boys reaches far beyond the scope of what we can even imagine. On this day, whe we have accomplished something so special, it is really humbling to think about just how much we owe to each and every one of you. We could not have achieved any of the things we have, been any of the places we've gone, or had any of our experiences without you, and I doubt we would have chosen to even if we could. Your presence in our lives adds an aspect that forever we will benefit from and never even realize just how much we do. The lessons you teach us each and every day, on the fly, will make us fine men. We may teach them to our own, children, students, and employees, and not even remember where we acquired them. But for all of them; thank you, thank you, and thank you. I've been told numerous times by my own mother and father that there is nothing tangible I could ever owe to them. They say that they want only for me to go and make good on the oppourtunities that I have been afforded, and I'm sure they're not the only ones. It is this selfless and unconditional love that makes all of our families so special. We have all been blessed with investors that seek few dividends, they only want the best for us, so how can we give them anything less than our best in return? May we always kee them closest to our hearts, Families of the Class of 2008, your boys love you very much.

Finally, all of this change has really left all of us graduates with a lot of questions. Many of us are moving out and all of us becoming more independent. Who will tell us to clean our rooms? Who will wake us up in the morning and drive us around to where we need to be? Most importantly, wh will make our prosciutto sandwiches? But in the midst of all of this doubt I managed to find a quote by a famous French novelist that was quite reassurin *"Change has a considerable psychological impact on the human mind. To the fearful it is threatening because it means that things may get worse. To the hopeful it is encouraging because things may get better. To the confident it is inspiring because the challenge exists to make things better."* As St. Michael's men we can only have senses of hope and security. Things for us will always improve because we are confident. Our confidence will inspire us always to g forth and make better always our circumstance, and strive to be the best, athlete, professional, father, or friend that we can be. That is all we know, for us little better is always the best we can do.

So today we emerge from our shells, crustaceans no more. As I said before, just outside of these yellow bricks challenges and responsibilities await But we don't need to worry. I know, because of what has been done for us by each other, this school, and our friends and families that we are all in fact ready to face the world. We have graduated as men strong enough to carry the weight of any load that the world may place upon us. One day at a time, the rest of our lives, we shall persevere and succeed. Hard work and earnest effort will always produce favorable results. May we always pursue vigorously our hearts desires, it's the best way to achieve.

Class, we're ready. I'd like to thank each and every one of you for going through these years with me. You've made them what they were. Let us forth and be pillars of strength in communities all over the world, may it always be that we are observed and identified immediately as St. Michael's men, men of character. Today we are scattered but may we always remain together as the Class of 2008. Best of luck to all of us in wherever our lives may lead But regardless of where those roads may go, don't be afraid, I know we'll be alright. Let's go boys, let's all pass through the arch; we can't afford to keep the world waiting any longer.

Dear Reader,
We at the Tower hope that you will enjoy this book as much as we did making it! It was a hard and laborious task, but in the end, we managed to get it done, and out on time! I would like to thank my right hand man, Content Co-ordinator and Assistant to the Editor, Paolo Pusateri, for collecting and co-ordinating the data that makes a yearbook what it is and helping with design. Miscellaneous thanks go out to Fr. Zinger, for providing his amazing photos for the Candids section, our part-time photographers, Gianmarco Fabiano, Alessandro Gemmiti, Giampiero DePasquale, and all those who contributed their personal photos (Peter Giampuzzi, Kevin Badali, Frank Menesses, and Andrew Ferrazzutti) the teachers and staff at the school, for putting up with our demands, Gina Cramararossa, for being an enormous help, and our amazing support team at Friesens, Terri Dietrich and Shawna and Nyla King. Thanks to all who contributed, and I hope that you will look back at the pictures and memories in this book and laugh at the crazy outfits we wore and what horrible hair styles we rocked. But most importantly, we should look back on the times that contributed to and shaped who we are today.
